Sealing Tells Story of First Four Worst Days in Mine Trap

Continued from Page One

men above would assume one was dead and not make a last effort to rescue. As I must say I had faith that it was possible to do for us these men had not to know around Moore River mines would do it.

The instant the crash happened I rushed to a mine in a small trap, in that I first had to persuade two men who were my employees that what I thought was to do was right, and then I had to bear the responsibility for whatever course I advised.

My first thought, after the terrific crash up the shaft occurred, may have on the signal wire and after the violent banging down the shaft blew my cap right off my head. My first thought was to get out once along the eastward drift towards the solid rock at the far end of the property. Alongside the solid rock, two unburied by miners, was less likelihood of collapse than anywhere in the neighborhood of the shaft where "Hops" had been cut out in past years.

SAW HUGHE TIMBER BULGING

We got to that eastern end of the drift and waited while the drift was being sealed. We agreed the point that we should get out, and I said that I should see it terrible failure.

One of the things I shall remember in my driving day was our effort to work upwards through the stoppage. We were climbing up slopes and over rocks and timber, and the lighting our way, I was leading. We had just reached a very awkward timber crib which leaned outward at the top and had started across the broken rock above it when I saw to my horror a huge upright timber, a solid log, perhaps two feet thick, slow to move with a heavy sound, round start to bulge and burst in the middle.

The hanging wall above it seemed to be coming slowly down. I shivered and shuddered, making as good time as I could. Magill and the doctor went down over that broken rock and landed in a fashion that would do credit to any circus party.

I will never forget the sight of them in the leaping light of the lantern light as they came down the steep sloping cavern filled with air. It was a few hours later when the mine grew more quiet, we crept back to investigate this avenue of escape more fully. The slope we had been in was not so steep as it had been.

I recall a curious thing Magill told them, as we stood looking up at the lantern light at the top of the shaft.

"I was now April the 15th."

FIRST FOUR DAYS HARDEST

I have gone over in my mind carefully to discover what part of the first ten days was the hardest. And I think it was those first few days of uncertainty as to whether they thought we were dead or not. We could detect blasts and hear the sound of the work, but it seemed to us the work was not so, that the work went on furiously all the time, day and night.

Perhaps some atmospheric action in the dull, smoky atmosphere of the earth, but we were uncertain in as to whether this was working, as we thought, by this working alone, indicated that they thought we were dead and were taking

Silver Dollars Put in Every Pocket Plan of Campaign in B.C.

VANCOUVER, May 8.—Silver dollars in every pocket is the object of a campaign to be launched in B.C. by the B.C. Chamber of Mines, which is not a new idea to cure the world's economic ills, but a new one to have silver used instead of paper.

British Columbia produces more than half Canada's silver and has scores of workings which would add to production if the silver went up. The silver dollar is seen as a useful outlet for the metal, though it is not hoped it would alter the price greatly.

SILVER CERTIFICATES

The B.C. Chamber of Mines, which has backed the campaign, has issued silver certificates which are backed by the chamber's assets. The certificates are to be used by the Dominion government to increase production of silver by the Dominion government, and that this silver be bought at a price which would enable many mines now closed to open.

The recent price has been encouraging, but the drive is being continued to make the public silver-conscious not only in this province, but across Canada.

The B.C. Liquor Control Board has advised all vendors to obtain a supply of the dollars for their change-making, and department and chain stores are many instances of merchants co-operating.

CARRY THREE OR FOUR

The drive is not directed at loading down people with metal to the displacement of paper, but to carry three or four or

BLACKJACK IS EXHIBIT "A" IN QUEBEC HOUSE

QUEBEC, May 8.—A Black-jack man is preparing in order to Quebec legislature Thursday. Dr. Zeron LeGarde (A.L.N., Montreal), dealing with what he termed the dishonest election practices of the Liberal party in Montreal, waved a blackjack in the air and asserted it had been used by supporters of his opponent in the election in last November's provincial election.

"Have you the instruments which were used to trouble the election in the case of Jacques," asked Premier Taschereau.

"May I be permitted to ask what was Taschereau, and Henry L. Auger (A.L.N., Montreal, St. James).

"Nobody is more qualified," remarked the premier.

GENERAL FARM WORK HALTED ON PRAIRIES

Weather Hazards Cause a Delay, But Seeding Has Made Good Progress

WINNIPEG, May 8.—Weather hazards over the three prairie provinces halted work on the land, but on the whole seeding has made good progress. It was reported today by the agricultural department of the government of the west. Manitoba registers 50 per cent in the grain, Saskatchewan, 30 per cent, and Alberta, 28, slightly less in Manitoba than at this time last year, but more in Alberta.

PERSPECTS FAVORABLE

With good seed bed conditions the prospects this year are considered favorable, according to the experts.

Grass is showing growth and with higher temperature should provide good grazing ground for livestock.

Northern districts report operations just beginning with good clear, warm weather. This applies especially in Alberta and Saskatchewan.

EARLY WHEAT SEEDING

Small quantities of cereals grains are seeded and at a few points early sown seed is showing.

Although strong winds were reported from blowing precipitation has been heavy and varying from rain to wet snow, with some warm days and cool nights.

BILL TO BAN REMARRIAGE THROWN OUT

Senate Rejects Measure Prohibiting Remarriage Of Widely Parties

OTTAWA, May 8.—The Senate Thursday rejected the bill of Senator J. Hughes (Lab., Prince Edward Island) to prohibit remarriage of widows during the lifetime of their deceased husbands.

The measure was introduced after the upper house carried out a recorded vote, an amendment of Senator LeDuc (Cons., West Canada) to give the bill (Cons., Winnipeg) to give the bill a second reading.

RENEWED OBJECTION

Renewed objection to the Hughes bill was voiced by Senator W. M. Macdonald (Cons., West Canada) who said that the measure in Canada or in any other country would be a violation of the constitution.

Macdonald declared that the bill to prohibit remarriage of widows during the lifetime of their deceased husbands was a violation of the constitution.

NEED MORE WORKMEN TO MAKE MINISTRY WORK

Brig. Ross, Canadian Legion President, Says Too Much Time Spent On "Minor" Details.

OTTAWA, May 8.—An appeal for the employment of "good men who will make the pension machinery work" was made today by Brigadier Alex Ross of Yorkton, Sask., Dominion president of the Canadian Legion, speaking before the House of Commons committee on ex-servicemen's affairs. Personnel, he said, was at the bottom of pension troubles.

There must first be a chairman of the committee followed with humane, judicial and disciplinary qualities, while these members of the pension administrative staff who had become weary in well-doing were to be transferred to other spheres of activity.

The Legion had deplored that to much time had been spent in the "minor details" of pensions to the neglect of consideration of unemployment among ex-servicemen and the proper consideration given to the man who was not pensionable.

Brigadier Ross suggested that perhaps the War Veterans Act might be stretched to embrace them, to eliminate them from the labor market and make room for others.

There were some men who would be difficult to absorb into industry or agriculture, and the proper consideration given to the man who was not pensionable.

British Stand Against Italy Is Indicated

LONDON, May 8.—The British government favors continuation of sanctions against Italy for the present, it was understood in informed quarters last night.

It was considered doubtful, however, that the government would be prepared to continue sanctions indefinitely as urged by General J. C. Smuts in an interview at Cape Town Wednesday night.

It was believed here no country would be prepared to take the onus of demanding the immediate raising of sanctions, and accordingly the British government's policy in connection with Monday's meeting of the council of the League of Nations will be to favor their continuance for the time being.

The same situation would be faced, it was stated, were Italy to adopt the face-saving arrangement of placing a proposed amendment on the Ethiopian throne. The situation would be further improved were Italy prepared to negotiate on the basis of the 1935 treaty defining the spheres of influence in Ethiopia among Britain, France and Italy.

Premier Mussolini has made a number of press statements indicating his readiness to recognize British interests in the Lake Tana region but since the collapse of Ethiopian resistance, British and Italian governments have had no exchange of views.

In 1927 him counts were reported by astronomer. Six of these were new and the rest were periodic visitors.

SOMETHING GAINED

In the first four months of the year, \$148,000 have been paid out as compensation to people injured in industrial operations in Alberta, and \$124,000 awarded as pensions during the same period.

Far as we may be from the ideal condition of unfeelingness, the public in this province—as elsewhere—are less callous than they used to be. It is not so long since the man who was injured at work had to pay his own medical expenses unless he could collect from the "boss" as the custom in the country was.

Now the man who is injured at work is usually helped by the insurance company or the state.

Compensation and pensions are now accepted as due to the victims of industrial accidents, and the funds with which to pay them are justly assemlable against industry itself. This is a long step in the direction of the ideal condition of the community that has established these safeguards is entitled to take credit for adding in a real way to the security of life.

A CASE OF CAN BUT WON'T

Explanation is offered through official channels that the Government of Alberta could not join the proposed fund for the relief of the unemployed in the United States.

Doesn't the Government know its own laws? The first clause of the Provincial Loans Refunding Act, passed at the recent session of the legislature, empowers the Government to borrow money for the purpose of refunding the secured indebtedness of the province.

(a) providing for the guarantee by Canada of securities of the province to be issued hereafter by the province in respect of provincial borrowings.

(b) setting out the terms and conditions subject to which such guarantee is given.

There is blanket authority for the Government to make any such guarantee, but it is not to be given until the Government has received the approval of the Dominion government.

The Passing Show

By J. S. COWPER

My easy day?

Just as I had started to write an article about the passing show of the day, I was reminded of the passing show of the day.

In the coming Presidential election, the border, riding the postman with a letter from my brother Ernest, chief clerk of Col. Frank Knox, for whom he was working as a Canadian editor years ago when the Colonel was publisher of the South St. Marie (Mich.) Evening Times.

Whether he makes the White House his home, or not, the Presidential candidate knows more about Canada and Canadians than Col. Knox—his latest article in the Times was written to out-Argue any of the Alger boys.

A newshy at eleven, his first venture into the publishing field made possible by \$500 saved up out of his pay checks by his wife, Anne, and his own earnings, has become one of the magnates of American newspaperdom, coming among other properties the Chicago Daily News.

A man of the Theodore Roosevelt type, vigorous in body and mind, he will be a stout contender for the Republican nomination to the Presidency.

Borah and the rest can wait. Here's a lucky columnist whose correspondence with the Imperial army is in frequent contact with Field Marshal Sir Evelyn Wood, one of the most beautiful men I ever saw—man with a common sense and a great deal of common sense.

The only reason I mention his name is that he is a few days on his way from the most successful man in the world, who has been a few days on his way from the most successful man in the world, who has been a few days on his way from the most successful man in the world.

He is a few days on his way from the most successful man in the world, who has been a few days on his way from the most successful man in the world, who has been a few days on his way from the most successful man in the world.

ORANGE LODGE HOLDS TAG DAY FOR CITY HOME

Will Canvas Saturday On
Behalf of Protestant
Shelter

Raising funds for the care of underprivileged children, the Alberta Protestant Home will hold a tag-day Saturday, May 9, and citizens are urged to contribute to this organization which supplies a home to 16 children. The tag day is sponsored by the Orange Lodge.

Rev. W. E. Seiber, superintendent, reports that the first child was admitted to the Home on August 19, 1923. Since that time, 40 children have been cared for, 26 being in residence at the present time.

DESERVED CHILDREN

Various causes are responsible for children being taken by the Alberta Protestant Home. In some cases their parents have been divorced, other children have been deserted and all are underprivileged. A thorough investigation is conducted into the history of each child before he or she is taken into the institution.

Mr. Seiber is responsible for the care of girls, who predominate in the Home as far as numbers are concerned. Under her direction they receive domestic training.

Study of the parents' nationalities reveals that about two-thirds are British-born.

Support has been given by the Home by the Oddfellows and the Loyal Order of the Moose, and every attempt is being made Saturday to raise sufficient funds to carry the good work. Contributions may be given to Seiber or sent direct to Rev. W. E. Seiber, 10621 92 street.

CHAMBER SETS DATE FOR TRIP

Tentative dates for the Edmonton Chamber of Commerce in Vancouver July 18-23. The present arrangements will allow partners to leave Edmonton on July 18 and return on or before July 23.

Rates arranged with the railway companies are: Day coach, \$17.45; tourist, \$21.35; standard, \$23.25.

It is estimated hundreds of Edmonton citizens will take advantage of the bargain fares to join in the Golden Jubilee celebrations at Vancouver.

Kid Amateurs And Rose Marie Capitol Offering

A real treat awaits the youngsters of this city at the Capitol theatre Saturday morning, the presentation of the thrilling story with music and song, "Rose Marie".

In addition to the children's amateur contest, the latter will commence promptly at 10 o'clock, ending at 11:30, when a technicolor cartoon, "Bottles", will follow, and then "Rose Marie".

Here is an entertainment that will please every man, woman and child to perfection. To the first 1,500 children entering the theatre for the Saturday morning show will be given a photograph of the famous screen and radio star, Nelson Eddy. The kiddies' pal, "Farmer", will be master of ceremonies.

Would be Given to Civic Workers for Services Rendered

I Saw Today

Scheme Proposed by Ald. E. East Accorded Strong Support at Meeting of Two Civic Committees.

Plan for the issuance of \$100.00 in transfer credit slips which would be issued by the city for services rendered was explained by Ald. E. East at a joint meeting of the civic relief and housing committees, Thursday. Aldermen present accorded the scheme strong support and Ald. East was instructed to get the aid of other councilmen and approach local supply houses and departmental stores with a view to discovering whether these businesses would cooperate by accepting credit slips in return for goods and supplies.

One method by which a person could use his credit was through the payment of light, water and telephone bills. Ald. East informed the meeting. He declared his plan would take the bulk of unemployed or relief providing citizens co-operated.

Present at the meeting were Aldermen Margaret Craig, chairman, E. East, James Earl, Guy Patterson, W. Cleveley, Charles Gidd, Deputy Mayor, Ald. R. E. Korte, Commissioner H. J. Gibb, Comptroller John Hedges, and City Solicitor Thomas Garfield.

PASS-BOOKS

Explaining his plan, Ald. East stated that persons working for the city would be supplied with pass-books containing credit slips and the value of the labor or services rendered. The slips would be turned into a central clearing house which would transfer the credit slips to the value of the labor or services rendered. Ald. East said a relief case would receive a credit of \$10 for a certain period of time, but would not be given \$10 in cash, but would receive credit slips to the value of \$10. The credit slips would be used to purchase goods and services. The value of the labor or services rendered would be added to the credit slips. THUGS GET BIG HAUL JEWELS

Breaking the glass of the show window of Bert Krowley's jewelry store, 1005 100 street, between 3 and 4 a.m. Friday, unknown robbers escaped with 15 watches, nine ordinary rings, five diamond rings and some small trinkets when they ransacked the window. The value of the haul was not known.

William Murdoch, 9229 98 avenue was walking home about 4:10 a.m., observed the broken glass on the sidewalk and, upon investigation, found that the jewelry store window had been broken.

Ed Chausse, 9338 108 avenue, also observed the broken glass on the sidewalk and paid little attention to it.

Sight is one of the most important senses possessed by man. Sight makes the sense by which external objects are located and seen. Their color, size and form described, as compared with other objects through the medium of the visual organ.

From the day we are born we take these precious eyes of ours for granted. We never bother to inquire about them until they hurt us, yet there are thousands of interesting things to be learned about eyes. Did you know that only one out of ten persons over twenty-one years of age has absolutely perfect eyes. The eyes of the remaining nine may be free from disease but suffer from structural defects such as near sight, far sight or astigmatism. Nearly every child under ten years of age is afflicted with some eye defect. If you suspect you have eye-trouble, act immediately and have yourself examined, and by doing this you may save yourself untold misery in the future.

Jackson's eye clinic is inaugurated, for your benefit, a Free Eyesight Clinic open week days from 9 a.m. to 10 a.m. and 4 p.m. to 6 p.m. Saturdays from 9 a.m. to 1 p.m. The reliable eye may take advantage of our easy payment plan. RED CHEVRONS WILL REPEAT FRENCH LEAVE

So successful was the production of "French Leave" at the Empire Theatre on April 18 that the Red Chevrons Club, which sponsored the event, has decided upon a repeat performance on Saturday, May 23, to take care of the overflowed crowd, and the many who were unable to attend on the former occasion.

Proceeds, as on the April 18 performance, will be devoted to the fund for erection of the cenotaph in memory of this city's soldier dead of the Great War.

A. E. Nightingale, president of the Red Chevrons, states that the same fine cast appeared on the former occasion, with Jack Merritt as the producer, will be on the boards on May 23. The 1st. Edmonton Police will again be in attendance with special music.

Out of the north always comes the strange and unusual, even in the ordinary day of domestic life.

Up at Goldfields settlement housewives have no electric washbasins, refrigerators, vacuum cleaners or modern conveniences but they have got a domestic servant, Canada's only "flying housemaid."

May Jean Rice, talented, popular girl from Grand Prairie, is the "flying housemaid."

LIKE OTHER GIRLS

Like domestic help, Canada's southern reaches. May Rice deals in brooms, mops, floor polish and elbow-grease for the Monday wash-up—but she does it in state.

COUPLE MUST PAY \$8,000 OR RETURN FARM

Mrs. Hanne Bolter Sues Dawduiks Successfully Before Howson

Mr. Justice Howson ordered Mr. and Mrs. Jacob Dawduiks to complete specific performance of an agreement under which they bought a half-section of land of land from Mrs. Hanne Bolter, calling for payment of a balance of \$8,000, by November 1 or to return the farm, following suit brought by Mrs. Bolter, in supreme court, where the full balance is to be ascertained by the clerk of the court.

His Lordship delivered judgment Friday after allowing the parties time to settle from Tuesday, when the case was tried. George H. O'Connor, C., was counsel for Mrs. Bolter, the plaintiff. Dwyro Varda for the defendants.

NO CREDIT ALLOWED

The judge further ordered that no credit was to be allowed to the clerk for payment of \$1,000, each which Dawduiks were to have paid to U. Bolter, but for the delivery of grain which he said he had made payment of the full of the balance of \$8,000 which he claimed to have made on March 1, 1931.

The defendants were allowed credit for 300 bushels of seed wheat for payment of \$1,000. Dawduiks keeps possession of the land until the full of the balance of \$8,000 is paid. The sheriff ordered to act for Mrs. Bolter, one-third of this year's crop. If he does not farm the land properly, Mrs. Bolter has leave to sue for the full of the balance of \$8,000 which he claimed to have made on March 1, 1931.

DEFENDANTS TO PAY COSTS

The judge ordered Dawduiks to pay all costs, but gave him leave to produce further evidence of payment, up until September 15.

Apparently, in the case, the fact that neither party had kept proper accounts, the judge said, but he felt there was more excuse for the Dawduiks, as they were foreigners.

Rattle Men Have Hard Trip Here

Five Grapplers To Clash In Wrestling Royal At Empire Tonight

MIKE WAS HAPPY Road-Weary Wrestlers Are Ready To Mix In Rattle Royal

By JACK DEARIN

"Two gas wagons" literally covered with mud, rolled into town from their northern clime today, and as they drove to a hall on the main street, Promoter Mike's face lit up. Smilingly he counted his brood of five mud-covered grapplers, and relieved that they had arrived safely after he had spent an all-night vigil awaiting their arrival.

But the heartfelt greetings were not reciprocated as the weary grunts and growers shuffled off to their respective hotels. They were tired of bucking the heavy mire roads on their 30-mile journey from Great Falls, Montana, but with rest, partaking of the sleep they deserve, they will be in the ring at tonight's wrestling royal at the Empire Theatre.

IMPRESSIVE LOT
The group coming in two cars, included Bob "Bad Boy" Cummings, Tex Hager, Kien Klose, John Kien and Billy Spence, all of whom will assemble in the ring at the same time for another of those crowd-pleasing wrestling royals.

This big battle has taken a firm hold upon Edmonton's wrestling fraternity. It was the talk of the sporting hours for several days, and now, the fans are taking even more about the big struggle.

Starting the show tonight at the Empire Theatre will be a couple of preliminary boys in the persons of Alex Bortman of Leduc and Steve Baskin of Thorby. They will go for about 20 or 30 minutes, but, comes approximately half an hour of the wildest grappling possible.

FIVE MEN START
Five men start this battle royal, but there are only two who finish it, and they go for the best two-out-of-three deal to decide a winner of the whole affair.

Much of the action is packed into the first half hour as grapplers are battered to the floor, eliminated, then carried out by ring-side aids. Incidentally, they are really out on their feet, or so the referee says in the first wrestling royal. Some

RE-ELECTED

FRANK CALDER

genial boss of the major hockey league, will again head the National Hockey League as president, being re-elected unanimously at the league's meeting last night. He has capably handled the position for many years and expects another fine season in 1936-37.

His first-aid is given them, they would they will never enter the ring again, but they say that without considering the strict regulations of obedience the "circus" holds over them. However, they are a game bunch and should prove just as thrilling as the first.

The next sale opened at Mike's early Thursday, will continue today, and a large crowd is assured for this evening.

AUSSIE CUP TEAM HITTING GREAT STRIDE

TORONTO, May 8.—Not far from the form they hope to reach before facing United States in the North American zone Davis Cup final last month, Australia's seven-man team finished an impressive exhibition series here yesterday and a growing belief that Vivian McGrath would not set action at Philadelphia.

Jack Crawford, the team's chief hope, defeated Adrian Quigley, No. 3 man, 6-4, in a singles engagement after the two had learned to beat McGrath and Clifford Sproule, non-playing manager of the team, at Philadelphia.

While Sproule himself said nothing about the matter, it was considered would select Crawford and the United States and send the same pair out for the doubles against other winners. Allister and John Van Ryn or Gene Mako and Don Brien.

The soccer fraternity also makes its call. The persons I see the most are the president of the local association, and Tom Favara, secretary. Both are ardent workers, as are the club managers. Frank Green, leading organizer of the junior association, is also a familiar figure, with Vic Sims, secretary, are workers in the behalf of Edmonton's youthful soccer enthusiasts, who unhesitatingly devote their time and energy to the promoting of good, healthy sport.

Men in Sports

MAJORS RE-ELECTED CANADIAN

Normally the number of visitors who call at the sport desk is well up in comparison with the others. Some come to give us welcomed bits of news, others for information and still others to pay a goodwill visit and pass in review latest happenings in the sports world.

Lately a number of callers has grown in leaps and bounds. The explanation is easily found. The sport world together with the press is passing from one stage to another. It is a period of expectancy, of planning and of organization. Callers come to discuss the future of their plans and to exchange views and ideas. As a result the social life of the sport department is bustling pleasantly.

Ralph Morgan Baseball Boss
One of these callers came a few nights ago; he was young, clean-cut, athletic and well known in Edmonton and is one who has always interested himself in sports and especially in the younger brother athletes. He was taking on the man-sized job of handling a baseball team. The newly formed baseball team is now under the leadership of Ralph Morgan. During the summer, baseball is Ralph's major interest in sports, while in the winter months he handles basketball. He is right up in the very thick of sports, and he is a star in practically every other sport in the city.

Ralph's biggest assignment comes this summer. He has taken over the guidance of the Salsbury Baseball Club. He has already started to whip his team into shape by practicing and he is full of belief to enter the new-born Senior League at Boyle Street, starting on May 10th.

As I look over the list of candidates Ralph has called out for his first regular practice at Boyle Street Sunday, starting at 2:00 o'clock, I notice that many of them are his former team mates in previous seasons, not only in baseball but on the ice too. Those asked to join are: J. J. Klose, Tommy Bran, Rupert McPeak, Bill Green, D. Brookie, Lloyd Cunningham, Lucy Tougas, Jack Smith, and Ralph extends his welcome to any other ball player willing to try out for his team.

Others who come with baseball boss are Clayton McClellan, one of the finest amateur workers, who at present, his baseball is still in the air for Edmontonians.

Mike Most Consistent Caller
One of my most consistent callers, one who promotes a brainy and an earnest worker, though his mind and action, is Tom Favara. He is the one who cards the wrestling bouts now growing popular here, and only today finished complete plans for his wrestling royal show at the Empire Theatre this evening. Michael also has an interest toward amateurs, for it is he who trains a war or more wrestling enthusiasts, and if one looks over the record of provincial and Dominion champions he has produced, he will find that he has done well in helping the same purpose. Only recently, in the Northern Alberta trials, Mike placed five winners out of a possible six, and now he tries his luck in promotion.

The soccer fraternity also makes its call. The persons I see the most are the president of the local association, and Tom Favara, secretary. Both are ardent workers, as are the club managers. Frank Green, leading organizer of the junior association, is also a familiar figure, with Vic Sims, secretary, are workers in the behalf of Edmonton's youthful soccer enthusiasts, who unhesitatingly devote their time and energy to the promoting of good, healthy sport.

Help Girls' Softball Leagues
Helping the girls in their softball and basketball troubles are several enthusiasts but only a few of these I see or hear. Two of the most ardent workers, especially in softball, are our girls' friends James Miller, a community league worker, and Bert Foss, of the city league. Both spend many hours in organizing, planning or "smoothing away" troubles, and to date have been successful. A. B. Lawrence and others also show remarkable interest in girls' sport.

George S. Bagot and "Tip" Tiplin are my cricket operatives. The former has kept this sports department posted well upon happenings in cricket. He is a valuable agent in the cricket cause, and only recently has worked hard in scheduling the season's events, which incidentally open on Saturday. The remainder of the cricket body also does its share, helping themselves by self-cooperating by supplying the "dope" on games played and those to come.

These men and many others, space will not permit to name them all, keep the sport fire burning and supply the kindling for a joyful flame. Edmonton is gratified to have among its citizenry such enthusiasts, who unhesitatingly devote their time and energy to the promoting of good, healthy sport.

Bets Favor Celt Boxer To Win Go

Wise Ones Only Give Slight Odds Before Ring Time Today

HARVEST FOR ONE Final Probing Foes Boys To Swing In Their Opinions

By KIDNIE BRIEZE

NEW YORK, May 8.—Just what chance a very good little man stands against a very good big man will be answered in Madison Square Garden tonight. Tony Canzoneri, the greatest little veteran in the history of boxing, is pitted against each other in a fourteen bout that may give the harvest for a flat-out oblivion for the other.

The betting today is 7 to 5 on Melman, but the wise ones were saying it would be no more than 6 to 4 a ring time with no pick as to a two-sided little muck as Canzoneri?

Here are the questions the sports betting was trying to answer today:

Can Melman, one of the best of them all in his day, come back after a year's lay-off and defeat such a two-sided little muck as Canzoneri?

And what about those 10 pounds Canzoneri is putting the clever Canadian? Will they be the cause of his downfall, or will they be the cause of his victory against the lightweight champion?

Until his medicine showing against Johnny Jackel last month, the always-busy Canzoneri was the favorite to beat the smiling Vancouver fighter.

RIGHT ABOUT FACE
But Canzoneri's lame stand against the Philadelphia, added to Melman's really surprising showing in gymnasium drills, caused the wise ones to do a right-about-face.

Canzoneri and his followers openly predict a knockout. Melman's camp is more conservative. They say it is no sure punch, and if he connects squarely, the odds are the odds will start twitting. His plan of action, however, is to wear out Canzoneri. If he can hook one on the butt, while he is doing, all well and good.

Soccer Clubs' Registration
All managers and secretaries of soccer clubs should get down to the Mayor Supply building on 10th street, Tuesday night, to obtain the registration forms and get names of all their players registered for the season. The meeting starts at 8:00 p.m.

eric McLaughlin and W. J. Tobin, Chicago Blackhawks; Arthur H. Ross, Boston; Col. J. R. Kilpatrick and Lester Patrick, New York Rangers; William V. Dwyer and Gary Sherman, New York Americans; Thomas Arnold and P. G. Moran, Montreal Maroons; J. E. "Red" Galt, Philadelphia Flyers; and Corrie Saville, Toronto.

ONE PLAYER DRAFTED
Only one player was drafted, Toronto obtained center Murray Armstrong, former Regina amateur, from Philadelphia. Rumber, a New York Ranger farm in the Cape Cod-American League.

At Salsbury, one of the Cleveland Falcons of the International Hockey League, also in action here today, was prepared to present to the National League governors his plans for a new arena seating 2,000 in Cleveland, as a bid for a major league berth in 1937.

The proposal did not reach the NHL heads during a three-hour discussion, although Calder said it might be presented later.

ELECTED ON BOARD
President Calder announced the following were elected to the board of governors: James Norris and Jack Adams, Detroit; Major Fred

WEST DEFAULT GIVES WINDSOR HOOP LAURELS

WINNIPEG, May 8.—Windsor, Alumni last night became women's basketball champions of the Dominion through default of Winnipeg Olympians.

Emer Hutton, secretary of the Manitoba Amateur Basketball Association, officially announced that the Olympians, western Canada rivals, defaulted the Dominion series by defeating the Saskatoon Grads after Edmonton Grads, perennial Dominion champions, withdrew from competition to enable the who team to obtain leave of absence from employment to make a tour of Europe this summer.

Mr. Hutton's announcement and withdrawal of the Olympians was made after the series was unable to raise sufficient funds to guarantee the expenses of the Windsor trip coming to Winnipeg.

The team to represent the Edmonton Grads club in the game with the Wanderers on Saturday in the Golf course pitch will be the following:

G. Bagot, J. W. Weaver, J. King, D. Chaitell, W. Dwyer, V. Stewart, A. Bowley, E. Duggan, W. Sharpen, W. Tiplin, and R. Brown. Hutton, W. Scott.

Four Player Deals In National League Swung At Meeting

Canadians To Have First Call on French-Canadian Players—Andy Blair and Ron Sutherland In Deals

DETROIT, May 8.—The National Hockey League acted today to build up and preserve the French-Canadian make-up of one of its most colorful teams, Montreal Canadiens.

President Frank Calder announced at the league's annual spring meeting here that Canadians had been given first call, for another three years, on all French-Canadian players.

CALDER RE-ELECTED MAJOR BOSS AGAIN
Acting in dual session, the league's board of governors referred to a committee of Lester Patrick, New York Jack Adams, Detroit, and Red Dutton, New York, proposed changes in the league's constitution.

Calder, who was re-elected president as his 20th season, and the governors heard reports of increases in attendance over the previous year, and approved Constant Snythe of Toronto, Art Ross of Boston and himself to confer with the Canadian Amateur Hockey Association on "conditions that have arisen in the amateur situation."

Four players were announced as being the subject of trade deals. The Montreal Canadiens disposed of Andy Blair, defenseman, to Chicago Black Hawks for an unannounced cash consideration.

BLAIR AT CENTRE
The Hawks plan to use Blair as a centre. The position he played when he starred on the variety hockey team at the University of Manitoba.

The Leafs purchased Goalkeeper Walter Brode of the Champion Detroit Olympians of the International League for \$2,000 cash, a record price for a minor league player.

Brode's brilliant goal saves were a feature of the Olympic sweep of six playoff games for the league title and Tedy One cup last month.

The Blackhawks obtained from Peoria, 25-year-old Ronald Sutherland, defenseman, who played his amateur hockey at Bullitt, Ontario.

Only one player was drafted, Toronto obtained center Murray Armstrong, former Regina amateur, from Philadelphia. Rumber, a New York Ranger farm in the Cape Cod-American League.

At Salsbury, one of the Cleveland Falcons of the International Hockey League, also in action here today, was prepared to present to the National League governors his plans for a new arena seating 2,000 in Cleveland, as a bid for a major league berth in 1937.

The proposal did not reach the NHL heads during a three-hour discussion, although Calder said it might be presented later.

ELECTED ON BOARD
President Calder announced the following were elected to the board of governors: James Norris and Jack Adams, Detroit; Major Fred
